

## New and Changed Entries April 2009

The following selected new and changed entries are effective on April 1. The changes include updated and expanded provisions in 330 Economics and 650 Management and auxiliary services. Changes are underlined, and deletions are marked by strikethroughs. Schedule entries without underlining or strikethroughs are old entries that are included for context. Please consult WebDewey for complete access to all updates to DDC 22, and Abridged WebDewey for complete access to all updates to Abridged Edition 14.

### Edition 22

#### Schedule

332.042            International finance

Class international monetary system in 332.45; class comprehensive works on international economics in 337

*For international banking, see 332.15; for international investment, see 332.673*

332.042 4            Capital movements

Class here currency movements

*For exchange of currencies, see 332.45; for international exchange of securities, see 332.65; for balance of payments, see 382.17*

332.042 46            Emigrant remittances

*For a specific aspect of emigrant remittances, see the aspect, e.g., impact of emigrant remittances on economic development in Latin America 338.98*

333.79            ‡Energy

Class here power resources, production of energy, interdisciplinary works on energy

Class electric power in 333.7932; class extraction of energy resources and comprehensive works on the economics of mineral fuels in 338.2; class comprehensive works on production economics of processing

and manufacturing fuels in 338.476626; class interdisciplinary works on mineral fuels in 553

*For a specific form of energy, a specific energy resource not provided for here, see the form or resource, e.g., fossil fuels 333.82; For a specific form of energy not provided for here, see the form, e.g., wind energy 333.92; for a specific energy resource not provided for here, see the resource, e.g., fossil fuels 333.82; for a noneconomic aspect of energy, see the aspect, e.g., ~~fuel technology 662.6~~ technology of photovoltaic power generation 621.31244*

‡Add as instructed under 333.7–333.9; except class utilization of waste heat in 333.793

333.793 8 †Energy from waste materials

Class distribution of electricity derived from waste materials in 333.7932; class production economics of making fuel from waste materials in 338.4766287; class chemical technology of energy from waste materials in 662.87

*For energy from biological wastes, see 333.9539*

333.953 9 †Plants as sources of energy

Class here interdisciplinary works on biomass energy

*For animal biomass as an energy resource, see 333.954; for production economics of making biomass fuel, see 338.4766288; for biomass fuel engineering, see 662.88*

†Add as instructed under 333.7–333.9; except use 15 for both development and generation of energy

338 Production

Class here interdisciplinary works on industry, on production

*For specific factors of production, see 331–333; for production economics of financial industries, see 332; for production economics of real estate business, see 333.33; for ~~production of energy~~ production economics of energy production, see 333.79; for economics of cooperative production, see 334; for production economics of insurance industry, see 368; for commerce, communications, transportation, see 380. For a specific noneconomic aspect of industry and production, see the aspect, e.g., law of industry 343.07, production technology 620–690*

*See Manual at T1—025 vs. T1—029; also at 332 vs. 338, 658.15; also at 363.5, 363.6, 363.8 vs. 338*

338.470 01–.479 99      Subdivisions for products and services

Add to base number 338.47 notation 001–999, e.g.,  
~~gasoline production industry 338.4766553827~~  
pharmaceutical industry 338.476151, tourist industry  
338.4791; however, for production economics of financial  
industries, see 332; for production economics of real estate  
business, see 333.33; for production economics of energy  
production, see 333.79; for production economics of  
cooperative enterprises, see 334; for production economics  
of commerce, communications, transportation, see 380  
Subdivisions are added for either or both topics in  
heading

338.476 626      Fuel industry

Number built according to instructions under  
338.47001–338.47999

Class here comprehensive works on processing and  
manufacturing fuels

*For processing or manufacturing a specific fuel, see  
the fuel, e.g., biomass fuel 338.4766288, gasoline  
338.4766553827*

338.542      Business cycles

Including prosperity, recession, depression, recovery; panics

Class remedial and preventive measures in 338.543. Class  
comprehensive economic works on a specific period of prosperity  
or depression with the economic conditions of the specific time or  
place in 330.9, e.g., worldwide depression in 1930s 330.9043,  
economic prosperity in Germany, 1949–1962 330.9430875

658.12      Management for legal compliance

Former heading: Legal administration

Management of business to ensure compliance with law

Including use of legal counsel

*For management for legal compliance with respect to a specific subject, see the subject in 658, e.g., management for legal compliance with respect to collective bargaining 658.3154*

*See also 346.06 for law of organizations*

658.312            Conditions of employment work, performance rating, utilization of personnel

Standard subdivisions are added for conditions of employment work, performance rating, utilization of personnel together; for conditions of employment work alone

>            658.3121–658.3124    Conditions of employment work

Class comprehensive works in 658.312

*For compensation management, see 658.32; for personnel health, safety, welfare, see 658.38*

658.312 1            Hours Days and hours of work

Former heading: Days and hours of work

Including lunch periods and breaks workday, overtime; flexible hours, shift work, part-time work; compressed workweek; night, holy day, Sunday, holiday work

Class here workweek

Lunch periods and breaks relocated to 658.3122

*For leave and rest periods, see 658.3122*

658.312 2            Leave and rest periods (breaks) Leaves of absence

Standard subdivisions are added for leave and rest periods together, for leave alone

Including lunch periods and breaks [both formerly 658.3121]; educational, parental, sabbatical, sick leave; ~~paid vacations~~

Class here annual leave, holidays, paid vacations

Class absenteeism in 658.314

658.4 Executive management

Limited to those activities named below

Class here role, function, powers, position of top and middle management

Class supervision in 658.302; class comprehensive works on management for legal compliance in 658.12. Class a specific executive managerial activity not provided for here with the activity in management, e.g., personnel management 658.3; class application of a specific activity named below in another branch of management with the branch, e.g., production planning 658.503

659.104 Special topics of advertising

659.104 2 Social aspects of advertising

Class social aspects of use of specific images and themes in advertising in 659.10452–659.10459, e.g., social aspects of images of women in advertising 659.1045522

659.104 5 Use of images and themes in advertising

Standard subdivisions are added for either or both topics in heading

Class here iconography of advertising

Add to base number 659.1045 the numbers following —3 in notation 32–39 from Table 3C, e.g., use of images of women in advertising 659.1045522, use of sports themes in advertising 659.1045579

## **Abridged Edition 14**

### **Schedule**

333.79 Energy

Including alternative, renewable energy resources; energy for specific uses, e.g., use in transportation

Class here power resources, production of energy, interdisciplinary works on energy

Class electric power in 333.793; class extraction of energy resources and comprehensive works on the economics of mineral fuels in 338.2; class comprehensive works on production economics of processing and manufacturing fuels in 338.4; class interdisciplinary works on mineral fuels in 553. Class a specific renewable or alternative resource with the resource, e.g., solar energy 333.792

*For a specific form of energy, a specific energy resource not provided for here, see the form or resource, e.g., fossil fuels 333.8; For a specific form of energy not provided for here, see the form, e.g., wind energy 333.9; for a specific energy resource not provided for here, see the resource, e.g., fossil fuels 333.8; for a noneconomic aspect of energy, see the aspect, e.g., ~~fuel technology 662.6~~ technology of solar cells 621.31*

### 338 Production

Including entrepreneurship; comprehensive works on factors of production, on industrial productivity, on production efficiency (e.g., effect of technological innovations), on products and services

Class here interdisciplinary works on industry, on production; class specific products in 338.1–338.4; class services alone in 338.4; class consumption of products and services in 339.4. Class a specific aspect of entrepreneurship with the aspect, e.g., portion of national income distributed to entrepreneurship 339.2

*For specific factors of production, see 331–333; for labor productivity, see 331.11; for production economics of financial industries, see 332; for production economics of real estate business, see 333.33; for production economics of energy production, see 333.79; for economics of cooperative production, see 334; for production economics of insurance industry, see 368; for commerce, communications, transportation, see 380. For effect of technological innovations on a specific aspect of the economy, see the aspect, e.g., effect on working conditions 331.25; for a noneconomic aspect of industry and production, see the aspect, e.g., law of industry 343, production technology 620–690*

*See Manual at T1–025 vs. T1–029; see Manual at 332 vs. 338, 658.15; see Manual at 363.5, 363.6, 363.8 vs. 338*

### 338.5 General production economics

Including business cycles, depressions, other economic fluctuations; business forecasting; costs, prices, price determination; law of supply and demand; risk; theories of value

Class here microeconomics (economics of the firm)

Class comprehensive economic works on a specific period of prosperity or depression with the economic conditions of the specific time or place in 330.9, e.g., economic prosperity in Germany, 1949–1962 330.943; class effect of money on prices in 332.4; class Marxian labor theory of value in 335.4; class production economics of specific kinds of industries in 338.1–338.4; class economic stabilization in 339.5

*For organization of production, see 338.6. For a specific aspect of prices not provided for here, see the aspect, e.g., effects of prices on the whole economy 339.4*

*See also 333.7 for supply and demand for natural resources and energy; see also 338.1–338.4 for supply and demand for specific products*

### 658.3 Personnel management (Human resource management)

Including conditions of employment work, e.g. hours, workday, leaves of absence, telecommuting; collective bargaining, employee representation in management, labor unions and other employee organizations; employee dismissal, employment interviewing, promotion; employee health, safety, welfare; training; compensation management

Class industrial democracy in 331.01; class worker control of industry in 338.6; class clerical techniques involved in maintaining payroll records in 651.3; class payroll accounting procedures in 657; class safety of plant and equipment in 658.20028; class employment interviewing from the job seeker's viewpoint, comprehensive works on employment interviewing in 650.14; class comprehensive works on safety management in 658.4; class interdisciplinary works on industrial relations, on labor in 331; class interdisciplinary works on industrial safety in 363.11

*For management of office personnel, see 651.3068; for management of supervisors, executive personnel, see 658.4*

*See also 650.14 for how to obtain a promotion (employee's viewpoint)*
