

- .24 *Automatic identification and data capture (AIDC)
 Including magnetic stripe encoding
 Class here interdisciplinary works on automatic identification and data capture
 For optical character recognition, see 006.424. For specific applications of automatic identification and data capture, see the application, plus notation 0285624 from Table 1, e.g., inventory control in business 658.7870285624
- .248 *Biometric identification
 Class statistical biometrics in 570.15195
 For biometric identification of criminals, see 363.258. For biometric identification used in access control for a specific resource, see access control for the resource, plus notation 02856248 from Table 1, e.g., biometric identification for computer access 005.802856248; for biometric identification used in a specific access control medium, see the medium, plus notation 02856248 from Table 1, e.g., biometric passports 323.6702856248
- .248 2 *DNA fingerprinting (DNA profiling)
 Class interdisciplinary works on DNA fingerprinting in 572.8633
- .248 3 *Physiological biometric identification
 Add to base number 006.2483 the numbers following 573 in 573.1–573.9, e.g., facial recognition 006.2483995
- .248 392 *Communication systems
 Number built according to instructions under 006.2483
 Class here speaker recognition
 See also 006.454 for speech recognition
- .248 399 *Regional histology and physiology in animals
 Number built according to instructions under 006.2483
- .248 399 8 *Appendages
 Number built according to instructions under 006.2483
 Class here fingerprints, hand geometry
 Class fingerprints in anthropometry in 599.945
- .454 *Speech recognition
 Class here comprehensive works on speech recognition and speech synthesis
 For speech synthesis, see 006.54
 See also 006.248392 for speaker recognition

*Use notation 019 from Table 1 as modified at 004.019
