Together we can...

Integrate your library in the life of your users

Embed your library in the fabric of your community

Realize economies of scale by sharing data and resources
WorldShare® Management Services

ACQUIRE
Save time on selecting and acquiring

DESCRIBE
Get more time to catalog unique materials

DISCOVER
Help your users easily find and get resources

CIRCULATE
Streamline circulation tasks and reduce training time

SHARE
Automate borrowing and lending

ANALYZE
Support decisions about your collection

A complete, cloud-based system providing all essential library functions
Together we have built the fastest growing library services platform in the world!

500 LIBRARIES IN 5 YEARS

#EMEARC17
New institutes live with WMS since EMEARC 2016
First migration from SISIS-SunRise to WMS (2017)
What did we further achieve together in EMEA?
Metadata Management
CBS – Metadata Hub
