

OCLC DOCUMENT SUPPLIER PROGRAM QUICK REFERENCE

You can send requests to any participating OCLC® Document Supplier through the OCLC Interlibrary Loan (ILL) service. Some suppliers set their holdings in WorldCat® (the OCLC Online Union Catalog).

Details about suppliers' services, ordering instructions, and charges are available on the [OCLC Document Supplier Web site](http://www.oclc.org/ill/options/managelenders/customholdings/supplier/default.htm) at < <http://www.oclc.org/ill/options/managelenders/customholdings/supplier/default.htm> >. Each supplier also has a record in the [OCLC ILL Policies Directory](https://illpolicies.oclc.org/) at < <https://illpolicies.oclc.org/> >. Search for each supplier in the ILL Policies Directory by the OCLC institution code.

OCLC Document Suppliers

Supplier	Scope
BLDSC: British Library Document Supply Centre BRI IFM*: Yes dsc-customer-services@bl.uk http://www.bl.uk/services/document/sed.html	Holds journal titles in most languages and subjects, proceedings of conferences held worldwide, reports in microform, doctoral dissertations, and books in English. Also holds a range of UK Government documents and is a depository library for European Community (EC) material.
CISTI: Canada Institute for Scientific & Technical Information CAI IFM*: Yes info.cisti@nrc-cnrc.gc.ca http://cisti-icist.nrc-cnrc.gc.ca/contact/contact_e.shtml	Collects serial titles as well as technical reports and translations. CISTI's entire collection of monographs and serials is listed in WorldCat with holdings statements.
CRL: Center for Research Libraries CRL IFM*: No naru@crlmail.uchicago.edu http://wwwcrl.uchicago.edu	Collects and stores rarely held library research materials. Collection consists of many languages and subjects and includes newspapers and periodicals, state documents, Russian Academy of Science serials and monographs, foreign doctoral dissertations, archival materials, and textbooks.
Danish Loan Centre EDA IFM*: No sb@statsbiblioteket.dk http://www.statsbiblioteket.dk/	Acts as depository library for all Danish publications; also holds many publications in other Nordic languages. Current periodicals cover all subjects and a complete collection of Danish newspapers (most of which are available for loan on microfilm).
EDRS: ERIC Document Reproduction Service EDR IFM*: No service@edrs.com http://www.edrs.com	Fulfills requests for ERIC documents on any topic within the field of education such as: technical and research reports, conference papers, government documents, curriculum planning and evaluation instruments. Provides cumulative microfiche indexes of ERIC documents, complete backfile collections from 1966 through current monthly issue, and subject-specific Clearinghouse collections of ERIC documents.
ISI Document Solution TGA IFM*: No ids@isinet.com http://ids.isinet.com/	Supplies actual journal pages or high-quality photocopies from journals in science, social science, and arts and humanities published in the past four years and the current year. Can supply articles indexed in any ISI product as well as many other sources.

QUICK REFERENCE

OCLC Document Suppliers

Supplier	Scope
Infotrieve IN# IFM*: No orders@infotrieve.com http://www.infotrieve.com	Provides sources of information including prominent academic library collections on the West Coast, and government and academic libraries in North America, Europe, and Asia. Also has access to foreign library collections, online databases, archives, and libraries around the world.
LC: Library of Congress LCL IFM*: Yes loan ref@loc.gov http://lcweb.loc.gov	As the national library of last resort, provides loans or photocopies of hard-to-find materials not reasonably available from other sources. Most available for loan, with these exceptions: journals (short articles copied free of charge); genealogy and local history materials (generally, LC Classes C and F below 1000); items available from the publisher; items printed before 1801; and dissertations on film.
National Agricultural Library AGL IFM*: Yes lending@nal.usda.gov (lending) http://www.nal.usda.gov	Accepts requests in accordance with national and international interlibrary code and guidelines. Library of last resort except for other USDA libraries, federal libraries in the Washington DC area, and foreign national libraries. Does not loan original material outside the U.S.
Library and Archives Canada NLD IFM*: No illser@nlc-bnc.ca http://www.nlc-bnc.ca	As library of last resort, loans hard-to-find materials not reasonably available from any other source. If unable to loan from own collection, will provide the requesting U.S. library with symbols (assigned by NLC) for Canadian libraries which hold the item. Legal depository for Canadian publications in all subject areas. Substantial collections in the social sciences and humanities, especially the history of North America, Great Britain, and France.
NTIS: National Technical Information Service NTI IFM*: No orders@ntis.fedworld.gov http://www.fedworld.gov or http://www.ntis.gov	As a self-supporting agency, offers national and international information products. Over 200 U.S. government agencies contribute to the collection. Provides public access to the results of U.S. and foreign government-sponsored R&D and engineering activities and complete backup information in the form of technical reports for the results it announces annually. Collection of scientific, technical, engineering, and business-related data contains products in printed, electronic, and multimedia format. Materials available in a wide range of subjects with special emphasis on the best-selling categories of business, health, and the environment.
Research Investment, Inc. RSK IFM*: No orders@researchinvest.com http://www.researchinvest.com	Provides searching, photocopying and delivery of published and unpublished materials on a global basis. Also loans books.

IFM*: Availability of ILL Fee Management for this document supplier. For information on IFM, see [ILL Fee Management \(IFM\) simplifies your billing](http://oclc.org/ill/options/billing/) < <http://oclc.org/ill/options/billing/> >.
