Member Merge Project

The OCLC Member Merge Project is designed to empower OCLC Members to reduce the presence of duplicate bibliographic records in WorldCat. Training and upgraded cataloging authorizations enable Member Merge participants to merge existing duplicate WorldCat records.

LIBRARIES

INDIANA UNIVERSITY
Bloomington

Training

- Getting started
- Herman B Wells Library
- Cook Music Library
- Selecting participants
- Review process
- Gaining independence

Current Practice & Looking Ahead

Using merge skills

Focusing practice

- Cataloging
- Database Management

Participant feedback

- Very useful training and program!

Next steps:

- Federal Depository materials (FDLP)
- Training more staff in books and e-books
- Training staff in other formats: visual materials, scores & sound recordings

How WRLC got involved

Connexion Message of the Day:

AskQC on Member Merge Project

Solicited interest from partner libraries

Reached out to OCLC rep

during WRLC Metadata Committee meeting

explained requirements and answered questions

Training and Review

Training: very practical, real-world examples

- 2-3 one-hour webinars

- Instructional documentation (MARC fields, vendor list)
 - very clear, detailed, "If this, then that"

Review process: learn by doing merges

- Submit proposed merges for review

- OCLC reviewer provides feedback, approves merges

What I like about Member Merge

Empowered to consolidate duplicate WorldCat records

Becomes a part of copy cataloging workflows:

- Evaluate record quality

- Compare similar records

- Merge duplicate records

Catalogers already contribute bib records to WorldCat

Why not also help with database maintenance?

Brief vendor records, Begone!
