We continued to improve WorldCat record quality in FY23

OCLC data quality staff merged, corrected, and enriched **63.2 million** records

The community merged, corrected, and enriched an additional **16.4 million** records

WorldCat®

#OCLCcataloging

We continued to improve WorldCat record quality in FY23

Working with more than 300 library staff across the community, we enhanced machine-learning models that now allow us to improve our metadata quality management at a scale humans alone cannot match

WorldCat®

Our e-resource content grew to 146 million digital items in FY23

- 63 million e-books
- 83 million digital content items
(e-journals, e-maps, e-scores, e-videos, streaming music, audiobooks)
- 115 million open-access items

WorldCat®

More than 900 libraries used our streamlined holdings update in FY23

Overall, it improved **191 million**
holdings in WorldCat
