About SMU Institutional Repository

• Planned for institutional repository (IR) since 2009

• Objectives of IR
  ▪ To create visibility and raise profile of SMU research (to showcase)
  ▪ To provide access to the full text where possible (to promote open access)
  ▪ To provide organization of the records

• Launched IR in January 2011 using Digital Commons platform

• Wanted to be an “inside-out library”\(^1\) that showcases and supports discoverability of SMU publications

Policy and Workflow

- SMU Open Access Policy approved in Oct 2013
- Always pulled records from the SMU current research information system (intranet)
  - Legacy system was custom built in-house prior to 2016
  - Moved to commercial platform Converis, called IRIS in 2016
- Encourage faculty to upload the full text of their papers in IRIS
- Library takes care of the rest to make it available in the IR, called Institutional Knowledge (InK) which makes the papers publicly available
