CareerAIM Library Edition

brings nearly 200,000 job opportunities to your patrons every month.

Your patrons rely on you to connect them to the resources they need to enrich their lives.

Now you can support them in growing their careers with access to Canada's biggest job database.

Brought to you by OCLC, a not-for-profit, membership, library service, and research organization, CareerAIM puts the nation's most powerful job-search tool within reach.

Each month, CareerAIM presents approximately 195,000 new opportunities to its members – more than twice the volume that the two largest commercial job boards combined. CareerAIM's proprietary technology scans and

aggregates postings from commercial job boards, news groups, not-for-profit sites, recruitment sites, government and private corporate websites, and even print media sources to create Canada's most comprehensive source of active jobs.

Add value to your library memberships, increase library branch or website traffic, and give your patrons a unique career advantage with CareerAIM.

“Our subscription has allowed Middlesex County Library patrons to access online job postings from within our community and from across Canada. CareerAIM is a one-stop shop for job seekers!”

**Chris Harrington,
Middlesex County Library**
