  – Same for Humanities & Social Sciences (HSS) ?
The HKU Scholars Hub

- 2005. IR
- 2009. HKU’s Knowledge Exchange (KE)
  - 3rd mission, after Research & Teaching
  - Engage with the public for mutual benefit

- Libraries’ grant proposal to enlarge the Hub to be,
  - Vehicle for HKU KE
  - Make visible and highlight HKU’s research & skill

- IR ➔ Current Research Information System (CRIS)
The HUB: IR ➔ CRIS

- IR
  - Fulltext publications
  - OA, visibility, preservation

- CRIS
  - Research Objects: publications, researchers, projects, facilities…
  - Visibility
  - Decision support
  - Optimisation of funding process
  - TechTransfer
  - Media resource
HKU Libraries: Beyond bibliographic metadata
The HKU Scholars Hub is the current research information system of The University of Hong Kong. As a key vehicle of HKU’s Knowledge Exchange Initiative, The Hub strives to make HKU authors and their research very visible, with the goal of increasing all forms of collaboration.

**QUICK SEARCH OF THE HUB ✿**

**Keywords**: Copy number variation
Our results suggest a role for NRG3 in HSCR etiology and provide insights into the relative contribution of structural variants in both syndromic and non-syndromic HSCR. This would be the first genome-wide catalog of copy number variants identified in HSCR. © 2012 Tang et al.

Funding Information:
This work was supported by the Hong Kong Research Grants Council (HKU 775907M to PK-HT and HKU 765609M to M-MG-B) and by the Seed Funding Programme for Basic Research (200910159040 and 20081159006 to M-MG-B and 200911159190 to SSC). Support was also received from the University Grants Committee of Hong Kong (AoE/M-04/04) and AOSPINE (AOSBR-07-02 to DC). The funders had no role in study design, data collection and analysis, decision to publish, or preparation of the manuscript.

Article: Gabapentin: A multimodal perioperative drug?

Title

Gabapentin: A multimodal perioperative drug?

Authors

Kong, VKF

Irwin, MG

Issue Date

2007

Publisher

Oxford University Press. The Journal's web site is located at http://bja.oxfordjournals.org/

Citation

British Journal Of Anaesthesia, 2007, v. 99 n. 6, p. 775-786 [How to Cite?]

DOI: http://dx.doi.org/10.1093/bja/aem316

Abstract

Gabapentin is a second generation anticonvulsant that is effective in the treatment of chronic neuropathic pain. It was not, until recently, thought to be useful in acute perioperative conditions. However, a growing body of evidence suggests that perioperative administration is efficacious for postoperative analgesia, preoperative anxiolysis, attenuation of the haemodynamic response to laryngoscopy and intubation, and preventing chronic post-surgical pain, postoperative nausea and vomiting, and delirium. This article reviews the clinical trial data describing the efficacy and safety of gabapentin in the setting of perioperative anaesthetic management. © The Board of Management and Trustees of the British Journal of Anaesthesia 2007. The University of Hong Kong ORCID Record Creation

In October 2013, The University will create ORCID records for HKU faculty that now have a HKU ResearcherPage in The HKU Scholars Hub – usually staff with UGC status of A ~ I, sometimes O. These faculty could choose to opt-out and no ORCID will be created for them. If you already have an ORCID record, please click “Provide Existing ORCID” to allow us to associate your HKU ResearcherPage with your ORCID identifier.

If you prefer to manually create your own ORCID record, you may click on, “Go to ORCID, Manually Create”. After you do so, could you please return to this page, and click on “Provide Existing ORCID”, and input your new ORCID id there.

Other HKU faculty and students wishing an ORCID record can also go to ORCID and manually create one for themselves.

Please note that publishers have begun asking for ORCID identifiers during the manuscript submission process, and there are several benefits to getting an ORCID id, which will follow you throughout your scholarly career. For more information visit http://hub.hku.hk/orcid/about.jsp.

Provide Existing ORCID  Opt-Out of ORCID  Go to ORCiD. Manually Create

(You will be prompted for your HKU Portal username/pin with a simple form to complete the process)
