

-
- > **597.2–597.7 Pisces**
 Class comprehensive works in 597
- .2 *Agnatha**
 Class here Cyclostomata
 Class here hagfishes, jawless fishes, lampreys
-
- > **597.33–597.36 Selachii**
 Class comprehensive works in 597.3
- .33 *Lamnidae**
 Variant name: Isuridae
 Including mako sharks
 Class here *Carcharodon carcharias*
 Class here great white shark, mackerel sharks
 Class comprehensive works on Lamniformes in 597.3
- .34 *Carcharhinidae**
 Variant name: typical sharks
 Including Australian school shark, blacktip shark, bull shark, great blue shark, lemon shark, soupfin shark, tiger shark, tope, whitetip sharks
 Class comprehensive works on Carcharhiniformes in 597.3
- .36 *Dogfishes**
 Including Dalatiidae, Oxynotidae, Triakidae
 Class here Squalidae, Squaliformes
- .38 *Holocephali**
 Class here Chimaerae, Chimaeriformes
 Class here chimeras, ghost sharks
- .39 *Sarcopterygii**
 Including Crossopterygii, Dipnoi
 Including barramunda, coelacanth, lungfishes
 Class here fleshy-finned fishes
-
- > **597.4–597.7 Actinopterygii**
 Class comprehensive works in 597

*Add as instructed under 592–599

- .41 *Holostei
 Including Amiiformes, Semionotiformes
 Including bowfins, gars, river dogfishes
 Class here bony ganoids
 See also 597.66 for garfish of order Atheriniformes
- .42 *Chondrostei
 Including Polypteriformes
 Including bichirs, reedfishes
 Class here Acipenseriformes, comprehensive works on Ganoidei
 Class here cartilaginous ganoids, paddlefishes, sturgeons
 For bony ganoids, see 597.41
- .43 *Elopomorpha
 Including Elopiformes, Notacanthiformes, Saccopharyngidae
 Including congers, morays, swallowers, tarpons
 Class here Anguilliformes
 Class here comprehensive works on eels
 For a specific kind of nonanguilliform eel, see the kind, e.g., electric eels 597.48, swamp eels 597.64
 See also 597.7 for swallowers of family Chiasmodontidae
- .432 *Anguillidae
 Class here Anguilla
 Class here freshwater eels
 Subdivisions are added for the family as a whole and for individual species
- .45 *Clupeomorpha
 Including anchovies, menhadens, pilchards, sardines, shads
 Class here Clupeidae, Clupeiformes
 Class here herrings
 Class sardines in sense of young bristling and herring in 597.452
- .47 *Osteoglossomorpha
 Including Mormyriiformes, Osteoglossiformes
 Including elephant fishes, freshwater butterfly fishes
 See also 597.72 for marine butterfly fishes

- .48 *Cypriniformes
 Including Characidae, Citharinidae, Gasteropelecidae, Gymnotidae
 Including characins, electric eels, freshwater hatchetfishes, headstanders, knifefishes, loaches, moonfishes, pencil fishes, piranhas, suckers, tetras, tigerfishes
 Class here Characiformes, comprehensive works on Ostariophys
 For Siluriformes, see 597.49
 See also 597.5 for marine hatchetfishes; also 597.66 for Cyprinodontoidei; also 597.7 for moonfishes of order Perciformes
- .482 *Cyprinidae
 Including barbels, barbs, bighead carp, bream, chubs, daces, danios, freshwater zebra fishes, grass carp, roach, shiners, squawfishes, tench
 Class here carps, minnows
 For Cyprinus carpio, see 597.483; for Carassius, see 597.484
 See also 597.68 for marine zebra fishes
- .483 *Cyprinus carpio
 Class here common carp
 Class koi in 639.37483; class interdisciplinary works on carp in 641.392
- .484 *Carassius
 Class here goldfish
 Class interdisciplinary works on goldfish in 639.37484
- .49 *Siluriformes
 Class here catfishes
- .492 *Ictaluridae
 Including Noturus
 Including madtoms
 Class here Ictalurus
 Class here blue catfish, bullheads, channel catfish, North American freshwater catfishes
 Subdivisions are added for Ictaluridae as a whole and for individual species of Ictalurus

- .55 *Salmonidae
 Including Australian grayling, whitefishes, whittings
 Class brook trout, Dolly Varden trout, lake trout, speckled trout in 597.554
 For salmon, see 597.56; for trout of genus Salmo, see 597.57
 See also 597.633 for whittings of genus Gadus; also 597.72 for rock whiting; also 597.725 for whiting of family Sciaenidae
- .554 *Salvelinus
 Class here brook trout, chars, Dolly Varden trout, lake trout, speckled trout
 Subdivisions are added for the genus as a whole and for individual species
- .559 *Thymallus
 Class here graylings
 Subdivisions are added for the genus as a whole and for individual species
 Class Australian grayling in 597.55
- .56 *Salmon
 Class here *Salmo salar*, comprehensive works on *Oncorhynchus*
 Class here Atlantic salmon, Pacific salmon
 Subdivisions are added for salmon as a whole and for individual species of salmon
 For Rhabdofario, see 597.57
 See also 597.7 for Australian salmon
- .57 *Trout
 Species of subgenus *Rhabdofario* and genus *Salmo* other than *Salmo salar*
 Class here comprehensive works on *Salmo*
 Subdivisions are added for trout as a whole and for individual species
 For Salmo salar, comprehensive works on Oncorhynchus, see 597.56
 See also 597.554 for brook trout, Dolly Varden trout, lake trout, speckled trout

- .59 *Esocidae
 Class here Esox
 Class here muskellunge, muskie, pickerels, pikes
 Subdivisions are added for the family as a whole and for individual species
 Class comprehensive works on Esociformes in 597.5
 See also 597.758 for walleyed pike
- .61 *Scopelomorpha
 Including Myctophidae, Synodontidae
 Including lantern fishes, lizard fishes, spiderfishes
 Class here Myctophiformes
- .62 *Paracanthopterygii
 Including Batrachoidiformes, Gobiesociformes, Percopsiformes,
 Polymixiiformes
 Including anglerfishes, batfishes, beard fishes, cavefishes, clingfishes,
 frogfishes, goosefishes, toadfishes, trout-perches
 Class here Lophiiformes
 *For cave fishes of superorder Ostariophysii, see 597.48; for Gadiformes,
 see 597.63*
- .63 *Gadiformes
 Including Carapidae (Carapodidae), Macrouridae, Moridae, Ophidiidae,
 Zoarcidae
 Including brotulas, cusk eels, deep sea cods, eelpouts, grenadiers, pearlfishes
- .633 *Gadus
 Class here Atlantic cod, cods, Greenland cod, Pacific cod, whittings
 *See also 597.55 for whittings of family Salmonidae; also 597.63 for
 deep sea cods; also 597.632 for arctic cod; also 597.72 for rock
 whittings; also 597.725 for whiting of family Sciaenidae*
- .667 *Poeciliidae
 Including guppies, mollies, platy, swordtail
 Class here live-bearers
- .672 *Gasterosteidae
 Class here sticklebacks
 Subdivisions are added for the family as a whole and for individual
 genera and species

- .69 *Pleuronectiformes
 Variant name: Heterosomata
 Including California halibut, soles, turbot
 Class here flatfishes, flounders
 Class turbot of family Pleuronectidae in 597.694
- .694 *Pleuronectidae
 Including Greenland halibut, plaice, winter flounder
 Class here right-eyed flounders
 For Hippoglossus, see 597.695
- .695 *Hippoglossus
 Class here halibuts
 Subdivisions are added for the genus as a whole and for individual species
 See also 597.69 for California halibut; also 597.694 for Greenland halibut
- .72 *Percoidea
 Including Centropomidae, Chaetodontidae, Latidae, Lethrinidae, Lutjanidae, Pomacanthidae, Pomacentridae, Sparidae
 Including damselfishes, dolphinfishes, garibaldi, giant perches, jacks, marine butterfly fishes, porgies, robalos, rock whiting, scups, sea breams, snappers, snooks; comprehensive works on angelfishes
 For basses and related fishes, see 597.73; for Cichlidae, angelfishes of cichlid family, see 597.74; for Percidae, see 597.75
 See also 597.47 for freshwater butterfly fishes
- .725 *Sciaenidae
 Variant names: croakers, drums
 Including Sciaenops
 Including channel bass, kingfish, red drum, weakfish, whiting
 See also 597.55 for whittings of family Salmonidae; also 597.633 for whittings of genus Gadus; also 597.72 for rock whiting

- .73 *Basses and related fishes
 Including Grammatidae, Percichthyidae
 Including Australian bass, basslets, macquarie perch, perch trout, temperate basses
 Subdivisions are added for basses and related fishes together, for basses alone
 For channel bass, see 597.725
- .732 *Moronidae
 Class here Morone
 Class here striped bass, white bass, white perch
- .736 *Serranidae
 Including graysby, groupers
 Class here sea basses
- .738 *Centrarchidae
 Including calico basses, crappies, rock bass
 Class here sunfishes
- .738 8 *Micropterus
 Class here black basses, largemouth bass, smallmouth bass
 Subdivisions are added for the genus as a whole and for individual species
- .74 *Cichlidae
 Including Pterophyllum, Symphysodon
 Including angelfishes, discus fishes, tilapias
 Class comprehensive works on angelfishes in 597.72
- .758 *Stizostedion
 Variant name: Lucioperca
 Class here pike perches, sauger, walleye, walleyed pike, zander
- .77 *Blennioidei
 Class here blennies
- .78 *Scombroidei
 Including Gempylidae, Istiophoridae, Trichiuridae, Xiphiidae
 Including billfishes, cutlass fishes, marlins, sailfishes, spearfishes, swordfish

.783 *Tunas
 Class here Thunnus
 Class here albacore, bonito, skipjack
 Subdivisions are added for tunas as a whole and for individual species

.8 *Amphibia
 Class here Anura, Salientia
 Class here amphibians
 Class herpetology, comprehensive works on Amphibia and Reptilia in 597.9

.85 *Urodela
 Variant name: Caudata
 Including Sirenidae
 Including congo eels, hellbender, mud puppies, newts, sirens
 Class here salamanders

.858 *Ambystomatidae
 Class here Ambystoma
 Class here axolotl, mole salamanders
 Subdivisions are added for the genus Ambystoma and for individual species of Ambystoma

.859 *Plethodontidae
 Class here lungless salamanders

> 597.86–597.89 Anura
 Class comprehensive works in 597.8

.865 *Pipoidea
 Including burrowing toads, Surinam toad
 Class here Pipidae
 Class here tongueless frogs

- .87 ***Bufoidea**
 Including Centrolenidae, Rhinodermatidae
 Including leaf frogs, mouth-breeding frogs
 Class here Bufonidae
 Class here comprehensive works on toads
 Class comprehensive works on frogs and toads in 597.8
 *For a specific kind of toad of a superfamily other than Bufoidea, see
 the kind, e.g., midwife toads 597.86*
- .877 ***Dendrobatidae**
 Class here poison arrow frogs
- .878 ***Hylidae**
 Class here tree frogs
- .9 *Reptilia**
 Class here comprehensive works on Amphibia and Reptilia
 Class here herpetology, reptiles
 For Amphibia, see 597.8

SUMMARY

- | | |
|--------|---------------------|
| 597.92 | Chelonia |
| .94 | Lepidosauria |
| .95 | Sauria |
| .96 | Serpentes |
| .98 | Crocodylia |
- .92 ***Chelonia**
 Variant name: Testudines
 Class here Testudinoidea
 Class here turtles
- .922 ***Chelydridae**
 Class here snapping turtles
 Subdivisions are added for the family as a whole and for individual
 genera and species

- .923 *Kinosternidae
 Including musk turtles
 Class here Kinosternon
 Class here mud turtles
 Subdivisions are added for the genus Kinosternon as a whole and for individual species of Kinosternon
- .925 7 *Clemmys
 Class here bog turtle, spotted turtle, wood turtle
 Subdivisions are added for the genus as a whole and for individual species
- .925 9 *Chrysemys, Pseudemys, Deirochelys, Graptemys, Malaclemys, Trachemys
 Including chicken turtle, diamond-backed terrapin, map turtles, sliders
- .925 92 *Chrysemys
 Class here painted turtle
- .926 *Trionychidae, Carettochelyidae, Dermatemydidae, Platysternidae
 Including New Guinea plateless turtle
 Class here soft-shelled turtles
 Subdivisions are added for Trionychidae, Carettochelyidae, Dermatemydidae, Platysternidae together; for Trionychidae alone
- .928 *Chelonioidea
 Class here Cheloniidae
 Class here marine turtles, sea turtles
 Subdivisions are added for the family Cheloniidae and for individual genera and species of Cheloniidae
- .928 9 *Dermochelyidae
 Class here leatherback turtle
- .929 *Pleurodira
 Including Chelyidae, Pelomedusidae
 Including snake-necked turtles
 Class here side-necked turtles
- .94 *Lepidosauria
 Class here Squamata
 Class here scaly reptiles
 For Sauria, see 597.95; for Serpentes, see 597.96

*Add as instructed under 592–599

- .945 *Rhynchocephalia
 Class here Sphenodontidae
 Class here beaked reptiles, tuatara
- .948 *Amphisbaenia
 Class here Amphisbaenidae
 Class here worm lizards
- .95 *Sauria
 Class here lizards
 Class comprehensive works on Sauria and Serpentes in 597.94
- .952 *Gekkonidea
 Including Anelytropsidae, Dibamidae, Pygopodidae
 Including flap-footed lizards
 Class here Gekkonidae
 Class here geckos
- .954 8 *Anolis
 Class here anoles, false chameleons, New World chameleons
- .955 *Agamidae
 Including Draco
 Including flying lizards
- .956 *Chamaeleontidae
 Class here Rhiptoglossidea
 Class here chameleons
 Subdivisions are added for the family as a whole and for individual
 genera and species
 See also 597.9548 for false chameleons, New World chameleons
- .957 *Scincidae
 Class here Scincomorphoidea
 Class here skinks
 For Teiidae, Cordylidae, Lacertidae, see 597.958
- .958 *Teiidae, Cordylidae, Lacertidae
 Including girdle-tailed lizards, Old World runners

*Add as instructed under 592–599

- .958 2 *Teiidae
 Including Ameiva
 Class here New World runners
- .959 *Anguimorphoidea
 Including Anniellidae, Xenosauridae
 Including California legless lizards
- .959 2 *Anguinae
 Including alligator lizards, glass lizards
- .959 52 *Heloderma suspectum
 Class here Gila monster
- .959 6 *Varanidae and Lanthanotidae
 Including earless monitor lizard
 Class here Varanus
 Class here monitor lizards
 Subdivisions are added for Varanidae and Lanthanotidae together, for
 Varanidae alone
- .959 68 *Varanus komodoensis
 Class here Komodo dragon
- .959 8 *Xantusiidae
 Class here night lizards
- .96 *Serpentes
 Class here Colubroidea
 Class here snakes
- .962 *Colubridae
 Including egg-eating snakes, false coral snakes
 Class here Colubrinae
 See also 597.967 for false coral snake of family Aniliidae
- .963 *Viperidae
 Class here adders, vipers
 Class death adders in 597.964

*Add as instructed under 592–599

- .963 6 *Vipera
 Class here asp, common adder, Lebanese adder, Portuguese adder,
 sand adder
 Subdivisions are added for the genus as a whole and for individual
 species
- .963 8 *Crotalus and Sistrurus
 Including pigmy rattlesnakes
 Class here rattlesnakes
 Subdivisions are added for Crotalus and Sistrurus together, for
 Crotalus alone, for individual species of Crotalus
- .964 4 *Coral snakes
 Class here Micrurus
 Subdivisions are added for the genus Micrurus and for individual
 species of Micrurus
 See also 597.962 for false coral snakes of family Colubridae; also
 597.967 for false coral snake of family Aniliidae
- .965 *Hydrophiidae
 Class here marine snakes, sea snakes
- .967 *Booidea
 Including Acrochordidae, Aniliidae, Uropeltidae, Xenopeltidae
 Including anacondas, false coral snake, pipe snakes, shieldtail snakes,
 sunbeam snakes, wart snakes, wood snakes
 Class here Boidae, Boinae, Henophidia
 Class here boas
 See also 597.962 for false coral snake of family Colubridae
- .967 8 *Pythoninae
 Class here Python
 Class here pythons
 Subdivisions are added for the genus Python and for individual
 species of Python
- .969 *Typhlopoidea
 Including Leptotyphlopidae, Typhlopidae
 Including blind snakes, slender blind snakes, worm snakes
 Class here Scolecophidia

- .98 *Crocodilia
 Including gavial
 Class here crocodilians
- .982 *Crocodilidae
 Class here *Crocodylus*
 Class here crocodiles
 Subdivisions are added for the genus *Crocodylus* and for individual
 species of *Crocodylus*
- .984 *Alligatoridae
 Including caimans
 Class here *Alligator mississippiensis*
 Class here alligators
