T2—45**Italy**

The second level administrations of Italy are province and metropolitan city. The second level administration “metropolitan city” does not refer to an urban locality. Each metropolitan city is named after the main urban locality within it. In each case, the locality is given in a separate entry subordinate to the entry for the metropolitan city; thus, the entries:

- |          |  |
|----------|--|
| T2—4541  | Bologna Metropolitan City  |
|          | (Option: Class here Bologna Metropolitan City to 476;<br>prefer --37261) |
| T2—45411 | Bologna  |
|          | (Option: Class here Bologna to 476; prefer --372611)                     |
