10. Hoax Article Accepted by “Peer-Reviewed” OA Bentham Journal
“Increasingly, libraries, like other organizations, need to focus on creating value for their users and reducing the effort they spend on routine and common tasks. The emerging concept of Web scale is strongly aligned with OCLC’s historic mission of operating a computer network and infrastructure that creates economies of scale, enabling more and more libraries to reduce costs and share resources.”
Create system-wide efficiencies in library management

Benefits of Web Scale

- Increased visibility and accessibility of libraries’ collections for users
- Reduced duplication of effort from networked technical services and collection management
- Streamlined workflows
- Cooperative intelligence and improved service levels

Under Arrest: Canadian Laws You Won’t Believe
by Tarentino, Bob.
UNDER ARREST 100 UNDER ARREST convinced existed was the risk of catching a sexually transmitted disease. As the majority decision concluded, “consensual conduct behind coded locked doors can hardly be supposed to jeopardize a society as vigorous and tolerant as Canadian society.” Lebeye’s conviction was overturned and an acquittal entered. The laws on nudity offer a telling encapsulation of our response to nudity and sex. When the Criminal Code was originally enacted in 1892, public nudity was so rare and the social stigma attaching to it so profound that it wasn’t even thought necessary to address a separate section of the law to the matter. From the days Parliament had to pay particular attention to a rebellious Christian sect that insisted on...

Select type of Usage Report or Collection Development Report:

Usage Reports:
- Popular Titles
  Displays all titles accessed in the selected time interval in descending order by activity.
- Activity by Title
  Displays title usage in ascending order by title.
- Activity by Subject
  Displays eContent usage by subject category.
- Dusty Titles
  Displays title usage in ascending order by activity.
- Turn-Away Statistics
  Displays attempts to view titles where all copies were in use or the title was not owned by the library.
- Dictionary Access
  Displays number of times that users looked up terms in the American Heritage Dictionary.

Collection Development Reports:
- Owned Titles
  Displays titles listed alphabetically by title. Optionally, results can be limited to Reference Center or IT Center titles only.
- Not Owned Titles
  Displays all titles available from NetLibrary, excluding library holdings.
- Owned Titles for Ex Libris SFX
  Displays holdings to facilitate the initial setup and ongoing maintenance of the NetLibrary portfolio in the SFX KnowledgeBase.
- All Titles
  Displays all titles available from NetLibrary.
- New Titles
  Displays new titles added to the NetLibrary collection over the last 24 hours, last 7 days, last 30 days, or last 90 days.
